## LEXUS HYBRID TERMS & CONDITIONS

An IC will receive their first Car Bonus after retaining the rank of District Director, or above, and submitting a valid lease/purchase agreement for a Silver Lexus Hybrid. Lexus Hybrid Bonuses will be paid monthly and are based on the current "Paid As Rank" and are contingent upon ICs maintaining the Paid As Rank of District Director, or above. If an IC is receiving a Lexus Hybrid Bonus and fails to reach, at least, the Paid As Rank of District Director the bonus will not be paid that month.

The vehicle MUST be a Silver Lexus Hybrid model. There are currently 5 hybrid models offered by Lexus ranging in price from \$31,000 to \$119,000.

The IC must submit proof of the monthly car lease/loan payment to the Customer Care Department before initial Lexus Hybrid Bonus is paid. Bonuses will not be paid for months in which an IC reaches District Director, or above, but this application along with a lease/purchase agreement has not been submitted.

If you decide to purchase a new Lexus Hybrid while you are currently receiving a Lexus Hybrid Bonus, a new lease/purchase agreement must be submitted for the car.

To be recognized as a Lexus Hybrid Bonus qualifier, photos of you with your car and a testimonial must be submitted. To make the process easier, the photo and testimonial should be submitted to CustomerCare@Bioceutica.com at the same time as all other paperwork.

One Lexus Hybrid Bonus per IC account, per month, applying to one car. Car Bonus will be paid monthly at the highest Paid As Rank possible.

The first Hybrid Bonus will be paid as part of the first monthly commission period in which a valid lease/purchase agreement is on file and the IC achieves the Paid As Rank of District Director.

PLEASE NOTE: The lease/purchase agreement is between the IC and the dealership/lender. Bioceutica is not responsible for making lease/loan payments.
